

Concept Smoke Systems

Air Trace MK2

- Battery powered
- Hand-held, easily transportable
- Instant heat up
- Low fluid / oil consumption
- Simple operation
- Fluid level indicator
- Latching or momentary smoke output
- High or low output smoke output
- Complete with carry case
- Charger with LED battery status indicator

The Concept Air Trace MK2 is perfect for situations where small volumes of smoke is required for air tracing applications or in remote locations where no power is available. It is capable of producing a smooth stream of smoke, if required, for up to 15-20 minutes on a full battery or up to 1 hour, with the optional mains adaptor and dummy battery.

An extension pipe 200mm x 15mm bore is included to allow precise placement of the smoke.

The unit is very simple to operate, and makes smoke on demand, with no warm up time.

A full range of accessories are available, including:

- Mains Adaption Kit
- Raked Extension Spout
- Pb Batteries / Chargers
- NiHM Batteries / Chargers
- Radio Remote Control (433 & 315mhz)
- Wired Timer Remotes
- Spare Parts
- Smoke Fluid

Smoke Output	
High Output	2.8m ³ /minute
Low Output	1.4m ³ /minute
Power Consumption	65 – 75W
Tank Capacity	110ml
Fluid Consumption	
High Output	2ml per minute
Low Output	1ml per minute
Battery	12v / 2.3Ah
Dimensions	227 x 66 x 81mm
Smoke Run Time (battery life)	
High Output	10 – 12 minutes
Low Output	15 – 20 minutes
Mains Adaption Kit	60 minutes
